Hi Kelly,

We have not yet received the documents from PCO. I have been advised that the Minister can table this any time after QP and before 6, so we might have a few hours to organize this.

We are trying to find someone in the office to print.

(this is nutty!!!)

Thanks,

Laura

I am on the hill with the Minister at the moment. Currently seeing who else is around to run the docs up. When would they arrive?

I am working to get you the statement a little after 200. (working with CPB to get this…)

Thanks,

Laura

I need the script asap. GHLO doesn't have the capacity to print copies. Can you do it at PS?

Hi Kelly,

We have been in discussion with PCO and it appears that our Minister will be tabling the motion on the Emergencies Act.

We assume that this will be done front door.

We will be getting the three documents from PCO: Consultations with the provinces, reasons for invoking and the motion itself.

We will also be drafting a tabling statement for the Minister.

Would you be able to check with GHLO if they would be able to print the 50 required copies in English and French of the 3 documents? (they are short documents)

We are also trying to figure out something for the printing on our end, but, if this does happen today we would not be able to (an also you would have to get the materials to the Hill).

They are talking about tabling this after QP today… in two and a half hours…

Is there anything else you need from us?

I can send the documents to the Journals.

Thanks,

laura
